### Camera Positions & Filming Conditions

While every effort will be made to get the best positions for the cameras to film the event, due to restrictions imposed upon us on the day by third parties and Health & Safety issues, this may not always be possible. Marry Me Films Limited cannot be held responsible for quality loss that is a direct result of environmental issues. We reserve the right not to use our equipment in any situation for example extreme weather conditions which may compromise the safety of either our equipment or our camera persons.

### Image / Sound Quality

While every effort will be made to ensure accurate colours and lighting reproduction, in certain conditions the colours and the lighting may not be accurately reproduced. This is not a fault but a limitation of the factors on the day, which are beyond our control, for example mixed indoor & external lighting, harsh shadows, and poor lighting conditions such as candlelight, disco and dance areas, night events outdoors. Sound will be captured as accurately as possible within the limitations of the event and the equipment used. If the final product is not satisfactory quality in terms of picture or sound and is the direct result of Marry Me Films Limited then you are entitled to a free corrective edit to resolve the problem.

### Equipment

All our equipment is regularly serviced and maintained to the highest standard and prior to any event it is also given a thorough check to limit any problems. In the unlikely event of radio signal losses, camera, card corruption or any other technical failures for reasons beyond our control, or by the actions of third parties, Marry Me Films Limited can not be held responsible, and we will only be liable for a reduction in cost or if a more serious error has occurred a refund of all monies to the Client. As standard we always cover every event with two cameras, so in the improbable event of one failing, we can continue to film the event with the other camera.

### Style

The Client acknowledges that they are familiar with our portfolio and are requesting the services with knowledge of our style; that our work is constantly evolving; that our services are of a unique and artistic nature; that our films may be different from films created by us in the past; and that in creating the films, we shall use our personal artistic judgement to create footage consistent with our view of the event, which vision may be different from the Client's vision of the event. Accordingly, the Client acknowledges that the footage will not be subject to rejection on the basis of taste or aesthetic criteria.

Neither party shall be liable for indirect or consequential loss.

### Duration of Filming

The duration, start and finishing times will be dictated by when we think we need to be in attendance and when we think we have all the footage we need to fulfil the brief. Whilst we shall make every effort to arrive in a timely manner, we cannot be held responsible for any impact on our attendance and timeliness caused by traffic delays, unforeseen illness or incapacity.

Projects completed after this additional 3 months will be entitled to appropriate delay refund. However, Marry Me Films Limited will not be held responsible for delays that are a result of the Client failing to submit relevant information, payments or any other component dependent upon the project being completed. If after 6 months from the date of the event, the materials and, or information required to finish the film is not forthcoming, then the service will have expired and a charge made for any subsequent editing.
